

Eco-Nibbles

MAAMI
HOME

The Eco-Nibbles table is the first round dining table in the MAAMI HOME collection. The Eco-Nibbles marble dining table was purposefully designed with a round top so that gatherings are simpler - no one is at the head of the table and everyone is equal. The table's sand-coated steel structure brings focus to the natural stone, and in conjunction with the marble base structure, perfectly supports the weight of the marble top. The steel structure is designed to both complement and highlight the marble element of the table's leg. Our Head of Design, Fábio, chose the sand colour for the steel structure to match the hues found in the puzzle-like layout of the table top.

The sustainably-sourced Eco-Nibbles dining table is upcycled from various pieces of marble, which the MAAMI HOME team do not want to see go to waste. Each piece of marble for the Eco-Nibbles table is carefully hand-selected by Fábio,

who personally chooses each piece prior to cutting to ensure the colours and veining match and make a harmonious combination with each other.

Once the marble pieces are selected, they are polished by our artisans for the perfect finish, creating smooth edges for the perfect fit. Fábio then assembles the table like a luxury jigsaw puzzle in our very own unique pattern, specially chosen to remain the same design-wise, yet individual stone-wise, thanks to each unique marble piece encompassed within the table top. Once the puzzle is complete, Fábio entrusts the table once more to our artisans who polish the table again, ensuring it is ready to be enjoyed with family and friends. Thanks to Fábio's personal selection of each piece of marble, the pattern on the leg of the table will never be repeated, meaning each Eco-Nibbles table, is truly a piece of individual art, created just for you.

Name Eco-Nibbles
Category dining table
Designer Fábio Teixeira
Year 2022

Materials & finishing Honed Travertine, Carrara, sand coated steel.

Production details Marble table top and legs are made with hand-selected repurposed marble off-cuts. Marble table top milled in CNC with airplane wing edge detail, handmade finish by artisans and base in coated steel.

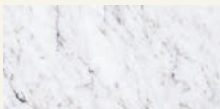

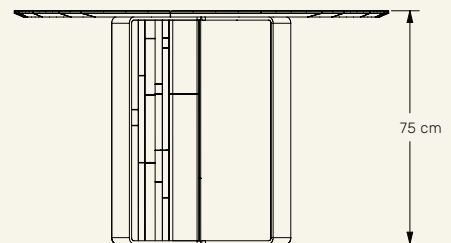

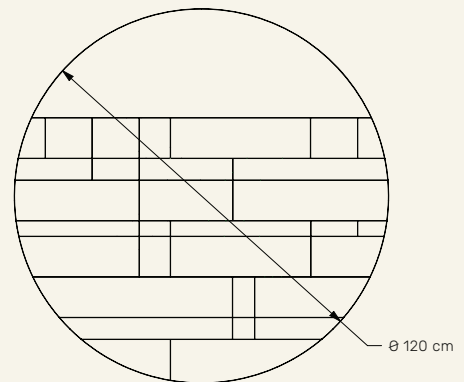

Dimensions (cm) H75 x Ø120

Weight (kg) approx 100
