Materials & finishing Grigio Nuvolato marble has honed matte finish and the iron has raw industrial finish.

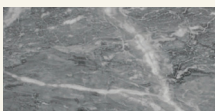

Production details Marble is processed in lathe machine and 5- axis CNC machine. Finished by hand.

Dimensions (cm) H85 x L45 x W90

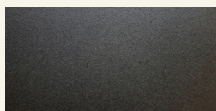

Weight (kg) approx. 110

Cleaning instructions Wipe with a damp cloth, or just a soft dry cloth. Do not use any type of detergent that can mark the stone.

NOTE: Due to industrial finish of the iron, it results in natural color variations and marks which are a sought after design outcome and enhances the beauty of the metal. Modern technological processes stabilize and preserve these marks, making them valuable elements of the design.
