

NOTCH Round Coffee Table

MAAMI
HOME

NOTCH COLLECTION is a series of side and coffee tables built around a consistent design language. The collection includes five formats—three coffee tables and two side tables—each featuring interlocking leg structures that connect beneath the tabletop in a clean, geometric layout. The legs fit precisely into cutouts in the top, while a curved underside edge adds visual lightness to the solid marble forms. Made from Spider Grey and Grigio Novulato marble, the collection highlights material integrity and thoughtful construction.

Materials & finishing Spider Grey marble, honed to a satin-matte finish that enhances the visual depth of their veining while ensuring a soft, tactile feel.

Production details A signature puzzle-like assembly allows the legs to fit precisely into cutouts on the tabletop, creating a seamless interlocking detail. Each tabletop features a curved underside edge, adding a soft, refined finish to the overall form.

Cleaning instructions Wipe with a damp cloth, or just a soft dry cloth. Do not use any type of detergent that can mark the stone and the wood.
