

Piano

MAAMI  
HOME

*The visual simplicity of PIANO contrasts with the long and careful creative process that was based on the creation of an Upcycled product. PIANO is born from the reuse of marble slabs and was designed to be compatible with indoor and outdoor spaces. Sustainability is a key element for MAAMI HOME and that is why this piece is delivered completely disassembled, in a flatpack, while it is mounted using only screws. Due to its versatility, PIANO can work as a bench or a coffee table. This contemporary piece of furniture surprises with its combination of Kunis Brescia marble and oak wood details.*

*Photo shooting made with Kunis Brescia marble and Oak wood. Also available in Carrara, Marquina, Estremoz, Arabescato, Calacatta Viola or Tundra Grey marble.*
