

PURO

MAAMI
HOME

PURO is a washbasin cabinet that distils Japandi calm and Nordic clarity into a single, purposeful volume. A softly honed Travertine slab appears to float atop a solid-oak carcass, its muted pores and straight grain reinforcing the piece's airy, non-ornamental presence. The result is a serenely functional vanity that keeps surfaces pure while lending spa-like warmth to contemporary bathrooms.

Name Puro
Category Bath
Designer Fábio Teixeira
Year 2025

Materials & finishing Counter-top and integrated basin in Travertine, honed-matte. Drawers' carcass in solid European oak.

Production details Travertine block CNC-milled to form basin and drainage slope in one piece. Push-to-open hardware pre-installed.
