

Rich S Calacatta

MAAMI  
HOME

*RICH S is a sideboard that navigates between the aesthetics of RICH LP and the original RICH, one of MAAMI HOME's first concepts. This piece of furniture has the perfect design to decorate a contemporary environment without taking up too much space. Its minimal style allows an effective organization at height. The fluidity of the Calacatta marble design gives RICH an unrepeatabe character due to the natural features of the stone. RICH S, in walnut, is featuring a seamless detail to open the marble door and the wood drawer, metal shelf underneath provides additional functionality complementing the unique creation.*

*This structure's construction uses ancient techniques of Portuguese joinery. The marble doors are designed to remove unnecessary weight.*
